Half Step			Whole Step		
	3	E		3	C
Whole Step			Half Step		
	2	D		2	B
Whole Step			Whole Step		
	1	C		1	A

Note:

This is to demonstrate the concept of the "Related" minor key to the major

Make cuts indicated by the lines

Slide the Minor scale intervals along the Major scale intervals until they match

Now you see why it is called the "Related Minor"

The 1st of the related minor scale is the 6th of the major scale

This applies to all keys, not just the key of C - it's universal
